

DRAFT FOR ENGAGEMENT

SURREY HEALTH AND WELLBEING STRATEGY

V.2. 25-02-18

≡ DELIVERING THE
COMMUNITY VISION FOR SURREY

We want the people of Surrey to live longer, healthier lives.

We believe that:

- People should be supported to look after themselves and those they care for.
- Have access to services when they need them.

We want to deliver better health and wellbeing outcomes within our budget.

The draft strategy describes how Surrey partners plan to work together with local communities to transform services to achieve these aims.

The draft strategy has three key priorities:

- Helping people in Surrey to lead healthy lives.

- Supporting the emotional wellbeing of people in Surrey.

- Supporting people in Surrey to be the best they can be.

This plan is only the first step in engagement with local communities.
