

Living Well in Later Life - Help shape the future plan for Older People

Introduction

Surrey County Council knows that getting older and living longer is something we should all look forward to. However, living a healthy life and living well for yourself, including staying in your own home, can be more difficult for some people. The Living Well in Later Life Strategy is for older people and unpaid carers (those 65yrs and above) living in Surrey and details what the council and its partners will do to help make Surrey a place where people can make the most of their old age. The Older People's Commissioning Team would welcome your input to help shape this plan so it works for all residents.

If you would like to be contacted to be part of designing future services by feeding back through workshops, engagement events or phone calls, please complete the survey which will ask you for your contact information.

Privacy policy

By completing this survey, you are consenting to the collection and storage of your data in line with our Data Protection Policy. You can find out more on how the Council uses and safeguards information and data in the information and privacy section of our website here:

[How we use your personal data \(surreycc.gov.uk\)](http://surreycc.gov.uk)

If you have any queries about the survey, need support in completing the survey, please contact our information and advice service who will do their best to assist you:
