

Statutory Notice

Philip Southcote School

Notice is given in accordance with section 19 (1) of the Education and Inspections Act 2006, as amended by the Education Act 2011, that Surrey County Council intends to make a prescribed alteration to Philip Southcote School, Addlestone Moor, Weybridge, Addlestone KT15 2QH from 1 September 2021.

The school currently admits 20 pupils per year group in Years 7 to 11 and 30 pupils across Years 12-14. It is proposed to expand Philip Southcote School as below:

- Expand to accommodate a total of 150 pupils on the Philip Southcote main site by providing an additional 50 places in Years 7 to 11. The main point of intake will be at Year 7.
- Relocation of the current sixth form provision and permanently increase capacity to accommodate a total of 60 pupils by providing an additional 30 places in Years 12 to 14. The sixth form would be located as a split-site at the former Meads building, adjacent to Chertsey High School, Chertsey Road, Chertsey.
- Creation of two Philip Southcote School satellite sites at Chertsey High School and Kings International College, providing 20 places at each school across Years 7 to 11. Both satellite sites will provide for pupils with Moderate Learning Difficulties.

All pupils, regardless of the site they attend, will be on the roll of Philip Southcote School. Numbers at the expanded school will grow incrementally, although where there are spaces and demand, new pupils may be accepted in other year groups, where appropriate.

Surrey County Council has complied with all applicable statutory requirements to consult in connection with this proposal. At the conclusion of the Notice period, if permission is granted by the Surrey Cabinet Member for All-Age Learning, Surrey County Council will implement the proposal.

A building project will be undertaken on the main school site to provide the necessary additional capacity, for which the appropriate planning approval will be sought.

This Notice is an extract from the full proposal. Copies of the full proposal can be obtained from:
