Vision Statement

At Meadowcroft, we aim to ensure that children are happy and enjoy being at school. We want them to be proud of their achievements, behaviour and learning. We will ensure that the children have the opportunity to develop their talents, skills, knowledge and learning during their time at our school.

Increasing the school age to 11 will enable us to build on and strengthen the arrangements already in place and provide a joined up approach to achieving our vision for all children from 4 to 11. As junior children will be on roll as part of the whole school, our systems and processes will be streamlined, enabling us to deploy our resources across the whole school to ensure that every child realises their potential.
