

Stamford Green Primary School

Vision Statement

Our school vision is to be a continually improving learning community for all, where children realise their potential.

Lowering the school age to incorporate the current nursery provision as part of the maintained school, will enable us to build on and strengthen the arrangements already in place and provide a joined up approach to achieving our vision for all children from 2 to 11. As nursery children will be on roll as part of the whole school, our systems and processes will be streamlined, enabling us to deploy our resources across the nursery and school to ensure that every child realises their potential.
