

We asked

Do you agree with the proposal to open a new specialist centre at The Orchard Infant School from September 2021?

You said

There was a total of 10 responses and all 10 respondents agreed with the proposal.

The consensus amongst the respondents is that this would provide 'much needed' places within a localised setting. Six of these respondents also mentioned the inclusive nature and dedicated staff working at The Orchard Infant School, which benefits children with SLCN.

We did

We will now proceed to issue Statutory Notices commencing the 11th January 2021 and ending 8th February 2021
