

**Proposal to prohibit the waiting of vehicles at any time
on a section of Croydon Road, Caterham**

Statement of Reasons

Provision of double yellow line parking restrictions to replace the existing single yellow line restriction on the western side of Croydon Road at the access being constructed to serve a new food retail store at 381 Croydon Road, Caterham, CR3 6PN.

The double yellow line parking restrictions are required to prohibit vehicles waiting at any time on the section of Croydon Road to the north of the development access and south of the existing north bound bus stop for a length of 29 metres. This is to ensure that visibility for and of drivers wishing to exit the proposed development access is unobstructed. This is also a requirement of the Stage 2 Safety Audit.
