

Surrey County Council
Amendments to Waiting and Parking Restrictions
In the Borough of Elmbridge – Halfway Green, Walton On Thames
Statement of Reasons

We are proposing to create a new double yellow line which will extending 7.3m from the current single yellow line's termination point at the start of the parking bay on Halfway Green. This is to allow for visibility of a new 'no entry' carriageway marking which is planned at the location. The double yellow line will prevent vehicles parking in a position which will obstruct motorist's views of the 'no entry' marking. The marking is to support the existing no entry sign and reduce the number of instances of motorists failing to comply with the no entry restriction leading to Hersham Road.
