

High Street, Walton-On-Thames

Statement of reasons for parking restrictions

Alteration to existing parking restrictions is proposed to provide sufficient visibility for proposed Zebra crossing.

Outside 30-34 High Street add 'No loading at any time' (double kerb marks) over 21 metres to existing 'No waiting at any time' (double yellow lines). Note, location is currently marked with a bus stop clearway.

Revoke existing 'Goods vehicles loading only 8am-6pm' outside 21-21a High Street and replace with 'No waiting at any time' (double yellow lines) over a distance of 7m. Note, location will be marked with Zig Zags upon installation of zebra crossing which will take precedence over any other restriction.

Revoke existing 'Parking At Any Time Blue Badge Holders Only 3hrs No Return 1hr' (1 bay) outside 27 High Street and replace with 'Goods vehicles loading only 8am-6pm' over a distance of 6.6m.

Revoke existing 'Parking Every-day 8am-6pm 30mins No Return 1hr' outside 50a-52a and replace with 'Parking At Any Time Blue Badge Holders Only 3hrs No Return 1hr' (parking bays) over a distance of 6.6m. Note. Additional disabled bay is proposed to compensate for the loss of the bay outside 27 High Street.
