Some words are blue and underlined. These are links which will go to another website which has more information.

Introduction

Surrey County Council has owned Norbury Park for a very long time.

Norbury Park is a countryside park in Surrey that is used for lots of different things.

We have made a plan to make Norbury Park better. We would like to know what you think of our plan.

This document will give you some information about our plan.

At the end we will ask you some questions about our plan.

Our vision

Our vision is what we would like Norbury Park to be in the future.

We want Norbury Park to be a place for:

- animals and plants to live.

- people to visit and enjoy.

- growing food.

- looking after the **environment**.

The **environment** is where we live. It includes the land, the sea, the air and everything that lives in and on it. For example, plants, animals and fish.

To achieve our vision we need to make Norbury Park better for both people and the environment.

Why do we want to make Norbury Park better?

We want to make Norbury Park better because:

- spending time outside is good for your health.
- both younger and older people like to spend time outside.
- some people find it difficult to visit the park as it is at the moment.
- we need to help look after the environment.
- we want to grow food in a way that is good for wildlife and the environment.

How will we make Norbury Park better?

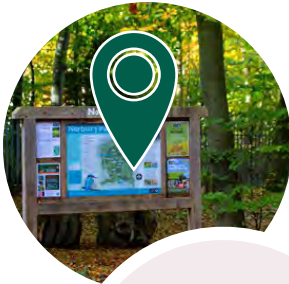

We will focus on different areas of Norbury Park and make them better.

This is what we will do to each area:

The Sawmill site area

We will make the Sawmill site area better by:

- making it a good place for our whole community at the centre of Norbury Park.

- putting facilities there like toilets and a seating area.

- setting up an area to get drinks.

- creating space for activities.

- creating space for businesses to work in.

The Bothy area

We plan to continue to use the Bothy area as:

- the workplace of our Council Countryside Team.

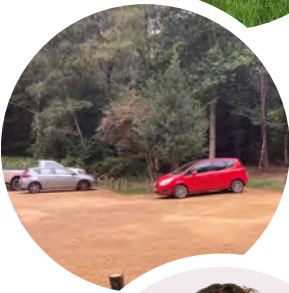

- a place for the Council Countryside Team to store the things they need.

Other areas

Other things we will do to make Norbury Park better are:

- Setting up 2 trails to follow through Norbury Park.
- Setting up a play area and picnic benches.
- Making the car parks better.
- Continue letting people pay to use the field for events, like weddings.
- Helping the nature at Norbury Park to grow and stay alive.
- Changing how farming at Norbury Park is done.

What do you think?

We would like to know what you think about how we plan to make Norbury Park better.

Please answer these questions.

We need your answers by Monday, 29 November 2021.
