

## **Park Avenue, Staines upon Thames**

### **Statement of Reasons for proposed 30mph to 20mph Reduction**

Reduction of speed limit from 30mph to 20mph on Park Avenue, Staines. Park Avenue is a short length of residential road which has the 2 primary schools located at one end, there is also sheltered housing accommodation on the road so a higher than usual volume of more vulnerable highway users are expected to be using the road. A 20mph limit is deemed to be suitable given the context of the road and will help support road safety.
