1. Achieving a net zero Surrey County Council

In your view:

- What must be done to achieve a net zero carbon Surrey County Council?
- What should the county council's priorities be to make Surrey net zero carbon as quickly as possible?
- What challenges might local government in Surrey encounter as part of this process? How could these be overcome?

2. Leadership and partnership to achieve zero carbon across Surrey

In your view:

- What examples of good practice to become net zero are there which we could look to replicate in Surrey?
- How should the Surrey County Council work with the districts, borough, town and parish councils to achieve common goals across the county?
- What other organisations could the council work in partnership with to reduce the county's carbon emissions?
- What else is required?

3. Driving behaviour change and participation

In your view:

- How can we drive behaviour change at work and home?
- What actions are you taking within your own community to reduce your environmental impact?
- How can the council help you to reduce your carbon contributions?
